The School of St Jude opened in January 2002 and Mrs Sisia has served as Director of the school since that time.

The school initially catered to 3 students with 2 teachers, and currently has an enrolment of approximately 850 children and a predominately local staff numbering around 200. Mrs Sisia is in the process of constructing a second campus. The bright but impoverished children qualify for sponsorships provided by supporters from Australia and abroad.

The current campus is planned to have over 1,000 children on the way to tertiary studies while a second campus, currently under construction, will provide equally superior education for a further 1,000 children who would otherwise struggle to survive in one of the world's poorest nations.
