# Office of the Official Secretary to the Governor-General

## Section 1: Entity overview and resources

### 1.1 Strategic direction statement

The planned outcome for the Office of the Official Secretary to the Governor-General (OOSGG) is the facilitation of the performance of the Governor-General's role through the organisation and management of official duties, management and maintenance of the official households and properties, and administration of the Australian Honours and Awards system.

The OOSGG achieves this through a single program which comprises three components:

1. Support for the Governor-General
2. Management and maintenance of the official properties
3. Administration of the Australian Honours and Awards system.

The OOSGG's role is to support the Governor-General to enable him to perform official duties, including facilitating official engagements and community outreach, the management and maintenance of Government House in Canberra and Admiralty House in Sydney, and the effective administration of the Australian Honours and Awards system.

In fulfilling its purpose, the OOSGG's key activities will support the Governor-General to recognise, encourage and reward community achievement; complement the work of Parliament and government agencies; represent Australia's broad national interests domestically and overseas; and highlight the inherent goodness of Australians and their ability to overcome adversity, particularly in the context of responding to the health, social and economic impacts of the COVID-19 pandemic and other natural disasters.

The OOSGG recognises the need for a high level of accountability and, therefore, places a strong emphasis in meeting its governance obligations and responsibilities, and mitigating strategic risks.

**1.2 Entity resource statement**

Table 1.1 shows the total funding from all sources available to the OOSGG for its operations and to deliver programs and services on behalf of the Government.

The table summarises how resources will be applied by outcome (government strategic policy objectives) and by administered (on behalf of the Government or the public) and departmental (for the entity’s operations) classification.

For more detailed information on special accounts and special appropriations, please refer to October *Budget Paper No. 4 – Agency Resourcing*.

Information in this table is presented on a resourcing (that is, appropriations/cash available) basis, whilst the ‘Budgeted expenses by Outcome 1’ table in Section 2 and the financial statements in Section 3 are presented on an accrual basis.

## Section 2: Outcomes and planned performance

Government outcomes are the intended results, impacts or consequences of actions by the Government on the Australian community. Commonwealth programs are the primary vehicle by which government entities achieve the intended results of their outcome statements. Entities are required to identify the programs which contribute to government outcomes over the Budget and forward years.

Each outcome is described below together with its related programs. The following provides detailed information on expenses for each outcome and program, further broken down by funding source.

**Note:**

Performance reporting requirements in the Portfolio Budget Statements are part of the Commonwealth performance framework established by the *Public Governance, Performance and Accountability Act 2013*. It is anticipated that the performance measure described in Portfolio Budget Statements will be read with broader information provided in an entity's corporate plans and annual performance statements – included in Annual Reports – to provide a complete picture of an entity's planned and actual performance.

The most recent corporate plan for OOSGG can be found at:

## **Section 3: Budgeted financial statements**

Section 3 presents budgeted financial statements which provide a comprehensive snapshot of OOSGG finances for the 2022-23 budget year, including the impact of budget measures and resourcing on financial statements.

### **3.1 Budgeted financial statements**

#### **3.1.1 Explanatory notes and analysis of budgeted financial statements**

##### **Departmental**

###### *Comprehensive Income Statement*

The Comprehensive Income Statement (Table 3.1) sets out the expected operating results for the ordinary annual services provided by the OOSGG, which are funded by departmental appropriations and other revenue.

The OOSGG is budgeting for a break-even operating result, adjusted for depreciation and amortisation expense, in 2022-23 and the forward years.

In line with net cash appropriation arrangements that became effective from 2010-11, revenue from government has been reduced by an amount equal to depreciation and amortisation expense. Future asset replacements are funded through the Departmental Capital Budget as detailed in Table 3.5.

###### *Balance Sheet*

The movement in the OOSGG's net asset position is principally as a result of the procurement of replacement infrastructure, plant and equipment assets owned by the OOSGG.

The OOSGG's primary liability is accrued employee entitlements.

##### **Administered**

###### *Schedule of Budgeted Income and Expenses Administered on Behalf of Government*

In 2022-23, the OOSGG will receive administered appropriations of \$0.5 million for the Governor-General's salary and \$4.3 million for support of the Australian Honours and Awards System.
